SUMMARY

.NET Full Stack Developer with 2+ years of experience building scalable web applications using ASP.NET Core, Angular, and SQL Server. Skilled in developing RESTful APIs, optimizing database performance, and delivering end-to-end solutions. Experienced in working within Agile teams to build reliable and efficient applications. Focused on creating high-performance systems and contributing to impactful product development.

TECHNICAL SKILLS

Backend: ASP.NET Core, C#, Web API, .NET Core, Entity Framework Core, LINQ

Frontend: Angular, TypeScript, HTML5, CSS3, JavaScript

Database SQL Server, T-SQL, Stored Procedures, Query Optimization

Tools & DevOps: Git, GitHub co-pilot, CI/CD Pipelines, Postman, SSMS

Concepts: RESTful APIs, MVC Architecture, SOLID Principles, Dependency Injection, Microservices Basics

Cloud & AI: Azure Fundamentals, LangChain, Retrieval-Augmented Generation (RAG), AI Agents

WORK EXPERIENCE

Software Engineer | Tech Mahindra | Hyderabad [Full-Time]

DEC 2024 - Present

Full Stack Developer | Domain:Government| project-Digital Services – Environmental Agency Abu Dhabi

- Designed and developed scalable RESTful APIs using ASP.NET Core and C# to support government service workflows.
- Led end-to-end delivery of multiple modules, including database schema design, backend APIs, and Angular frontend integration.
- Optimized SQL Server stored procedures and queries, improving performance by ~25–30%.
- Implemented JWT-based authentication and authorization for secure API access.
- Integrated frontend and backend components to deliver seamless user experiences across multiple services.
- Conducted API testing using Postman, ensuring high reliability before production deployment.
- Collaborated with cross-functional Agile teams to deliver features, enhancements, and bug fixes within sprint timelines.
- Contributed to CI/CD pipeline processes for efficient build and deployment cycles.

Associate Software Engineer| Tech Mahindra | Hyderabad [Full-Time]

DEC 2023- DEC 2024

Full Stack Developer | Domain:Government| project-Digital Services – Environmental Agency Abu Dhabi

- Completed intensive training in .NET Full Stack technologies including ASP.NET Core, MVC, Web API, and SQL Server.
- Built and maintained REST APIs under senior guidance for enterprise-level applications.
- Developed SQL queries and stored procedures to support backend data processing.
- Created an Online Movie Management System using ASP.NET MVC as part of hands-on training.
- Gained practical experience in Git-based version control and Agile development practices.

EDUCATION

Bachelor's degree in INFORMATION TECHNOLOGY|SRKR Engineering College | CGPA : 8.7

Aug 2019 – Apr 2023

Intermediate (12th) | Aditya junior college| CGPA - 10.0

Apr 2017 – Mar 2019

ADDITIONAL INFORMATION

Certifications :

- Microsoft Certified: Azure Fundamentals - Microsoft
- AI WHITE BELT -Tech mahindra
- GitHub CoPilot -Tech Mahindra

Languages : English, Telugu, Hindi.
